

HOC 替換濾芯

使用年限：一年（依據各地區水質狀況自行調整）
在安裝前，請將上下紙封膜移除

更換過程：

1. 打開 HO 過濾器外殼
2. 取出舊的 HOC 濾芯
3. 把替換濾芯的紙封膜撕掉
4. 可以塗抹適量凡士林在替換濾芯上下兩端的 O 形圈上
5. 將新的替換濾芯裝上去
6. 將過濾器殼裝上
7. 在使用前，先讓熱水流動一分鐘。

HOC-Replacement Cartridge

Service Life Rating: 1 year(Results may vary according to individual water conditions)
REMOVE THIS DUST COVER FROM EACH END BEFORE INSTALLING

Replacement Procedures:

1. Open the HO shower filter by unscrewing the housing halves.
2. Remove the used HOC Filter cartridge.
3. Remove and clean the o-ring(s) seated inside each housing half.
4. Apply a thin film of "Vaseline-type" lubricant and replace the o-ring(s) into the o-ring groove inside each housing half.
5. Install the new HOC filter cartridge.
6. Close the HO filter housing by screwing the housing halves together.
7. Flush with hot water for 1 minute before using.
